1. Introduction

The First Nations Education Steering Committee (FNESC) and the First Nations Schools Association (FNSA) are pleased to manage the Department of Indigenous Services Canada (DISC) 2018-2019 Skills Link Program (SLP) for the BC region. The SLP is a component of the First Nations and Inuit Youth Employment Strategy (FNIYES) for the BC region.

Funding is available in three categories:

Science and Technology	\$ 562,000
Career Promotion and Awareness	\$ 560,797
Mentored/ICT Work Placements	\$ 1,617,620

Please note: A call for proposals for Co-operative Education Program funding for on-reserve First Nations schools will be distributed in a separate call for proposals.

The 2018-2019 SLP funding must be expended and all activities completed by March 31, 2019.

2. Objectives

The SLP has the following objectives:

- to promote the benefits of education as key to labour market participation
- to support the development and enhancement of essential employability skills among First Nation and Inuit youth, such as communication skills, problem solving and working with others
- to introduce youth to a variety of career options
- to help youth acquire skills by providing wage subsidies for mentored work experience
- to help First Nation and Inuit youth overcome barriers to employment

3. Expected Results

Key expected results of the SLP are:

- enhanced employability skills for participating First Nation and Inuit youth
- increased awareness of the benefits of education
- enhanced ability to make employment-related decisions
- increased appreciation for science and technology as a viable career/education choice
- improved attitudes toward the transition from school to work
- increased ability of First Nation and Inuit youth to participate in the labour market

4. Activities

The key activities of the SLP are:

- wage subsidies for work placements and mentorships for youth who are not in school to enable them to develop employability skills and support their educational and career development
- work experience specifically in the field of Information and Communication Technology
- activities designed to support First Nations and Inuit youth entrepreneurs gain self-employment
- training experiences that support youth in acquiring skills needed for work placements
- career development information, including awareness and support activities like career fairs and leadership projects
- career planning and counseling activities
- activities that promote science and technology as an educational and/or career choice, including science camps, computer clubs, and activities that connect science and technology to traditional Indigenous knowledge

Please note: for 2018/2019, FNEC and the FNSA will be implementing a pilot initiative to assist First Nations and First Nations schools in connecting youth who are interested in Information and Communications Technology (ICT) with technicians who are supporting the implementation of FNEC/FNSA's ICT supports. If you are interested in learning more about this opportunity, please email kyleem@fnesc.ca.

5. Eligibility Requirements

5.1 Eligible Recipients

Eligible recipients are First Nations communities, governments and organizations in the British Columbia (BC) region. Eligible recipients may then enter into agreements with private sector and non-profit sector employers to access employment opportunities for youth.

5.2 Eligible Participants

Eligible participants include First Nations and Inuit youth ordinarily resident on reserve, in recognized communities or on community lands. Eligible participants have to be legally entitled to work in Canada. Youth means persons aged 15 to 30 inclusive.

Mentored work placements, including Information and Communication Technology, are for youth who are not in school, or unemployed or underemployed.

For career promotion and science and technology activities, youth may be younger than 15 years of age.

6. Proposal Process

Applicants must submit detailed proposals for the activities to be undertaken throughout the course of the program, clearly stating how the proposed activities will further the objectives and expected results of the program.

Eligible proposals must:

- be in accordance with the FNIYES-SLP guidelines
- outline the activities that will be undertaken and how they will meet the program's objectives
- outline the results to be achieved
- provide an estimate of eligible costs to be incurred, including any portion to be borne by partners

For mentored work placements, including Information and Communication Technology:

- youth may only participate once in the program;
- participants will be paid a wage rate at or above the applicable provincial minimum wage
- placements and activities must be completed by March 31, 2019
- the non-profit sector is eligible to receive a contribution of up to 100% of the applicable minimum wage, plus mandatory employment-related costs (MERCs), while the private sector is eligible to receive up to 50% of the applicable minimum wage only
- where a participant with disabilities is hired, all employers are eligible to apply for 100% of the wage and MERCs, a maximum contribution of \$3,000 per participant may be available, on an actual cost basis, for special equipment and facilities to accommodate the participant's needs.

6.1 Submission of Proposal

2018-19 Skills Link Program proposals are due by Friday, June 15, 2018 at 4:30 pm. Please submit proposals via online submission, by email to reception@fnesc.ca, or fax to 604-925-6097.

6.2 Assessment Criteria

Submitted proposals will be reviewed by a committee constituted for this purpose. This committee will review proposals based on the objectives of the program and the criteria described below. Every effort will be made to ensure a regional distribution of funds.

All proposals will be assessed by the following criteria:

Capability: the experience and capacity of the recipient to manage the implementation of the activities within their proposal successfully and complete the proposed employment initiative in a timely manner;

Implementation Activities; the extent to which the proposal aligns with eligible activities and meets program objectives, with a consideration of timelines, cost-effectiveness, and the degree to which activities will result in expected outcomes.

Project Management: how the initiative/project will be managed, including project governance, management of project scope, human resources, risk management, and project monitoring, control and reporting;

Project Costs: realistic assessment of estimated total costs and a justification of the level of funding requested;

Cooperation and Partnership: with other governments, employers, community-based organizations and interested organizations to encourage strategic partnerships, to minimize overlap and complement other related employment, entrepreneurship, economic development and social programs.

Note: Meeting these criteria does not guarantee funding.

A written response will be sent to applicants to confirm whether, or not, their proposal has been approved for funding.

7. Eligible Expenditures

7.1 For Mentored Work Placements, including ICT

- participant wages and mandatory employment-related costs including the gross employee share of CPP, EI, vacation pay, WCB and where applicable, health insurance premiums
- wage costs per participant must meet or exceed the applicable minimum wage in BC of \$12.65
- training experiences that support the acquisition of skills required for work placements (First Aid, Computer Training) may be included
- other necessary costs directly related to a proposed work placement including, but not limited to, criminal record check, required uniforms, and personal safety gear (e.g. work boots, safety hats, etc.) up to a maximum of \$300 per participant
- actual cost for special equipment and facilities to accommodate the needs of a disabled participant, up to a maximum of \$3,000 per participant
- participant costs such as living expenses, travel, room and board
- dependent care for participants (documentation is required including a description of the type of arrangements available in the community if applicable).

Note for recipients: Travel expenses are to be claimed at actual cost, but cannot exceed Treasury Board of Canada Secretariat's guidelines as specified in the Treasury Board of Canada Secretariat's [Travel](#)

Directive in effect at the time of travel. Expenses which exceed the rates set out in the Directive will not be paid.

7.2 For Career Promotion and Science and Technology Activities

- facility rental
- materials produced exclusively for students to promote specific careers, subjects, fields of study such as testimonials, biographies, etc. but not including general program advertising
- honoraria and speaker fees
- transportation
- admission and event fees for students and chaperones

7.3 For All Activities

Administrative Costs: Administration costs must not exceed 5% of the sub-total amount requested before administration costs. Eligible administration costs include (but are not limited to):

- office/general expenses
- materials and supplies
- advertising, communication and printing costs
- professional services.

8. Ineligible Expenditures

Ineligible expenditures include, but are not limited to:

- all programs:
 - office infrastructure or equipment purchases such as computers and software
 - capital costs for construction of a building (other than small repairs or renovations to support the participation of persons with disabilities) or the purchase of land or buildings
- career promotion and awareness, and science and technology activities:
 - salaries
 - training

9. Maximum Program Contribution

The initiative is regionally based and proposal driven.

The non-profit sector is eligible to receive a contribution of up to 100% of the applicable wage, plus mandatory employment related costs (MERC), while the private sector is eligible to receive up to 50% of the applicable wage only.

Note: Where a participant with disabilities is hired, all employers are eligible to apply for 100% of the wage. A maximum contribution of \$3,000 per participant may be available, on an actual cost basis, for special equipment and facilities to accommodate the student's needs.

10. Monitoring and Accountability

Funding recipients must deliver the programs in accordance with the provisions of their Contribution Agreement and the program delivery requirements outlined in these Program Guidelines. Funding recipients are required to exercise due diligence when approving expenditures and must ensure that such expenditures are in accordance with the eligible expenditures set out in these Program Guidelines.

FNESC and the FNSA are committed to providing assistance to recipients in order for them to effectively carry out the obligations. The FNESC Programs Officer is available to answer questions and provide guidance related to this program.

To ensure that program delivery requirements are being met, that funds are expended on the intended purpose, and that DISC's accountability to Parliament is being met, activities including audits, evaluations, as well as desk and on-site compliance reviews may be conducted with all funding recipients.

- The department's collection and use of personal information and other records for the purposes of program compliance reviews will be limited to what is necessary to ensure program delivery requirements are met.
- The department is responsible for all information and records in its possession. The confidentiality of the information will be managed by DISC in accordance with the *Privacy Act* and other related policies on privacy. Recipients are responsible for the protection of personal information per the privacy legislation, regulations and/or policies that govern them.

11. Reporting Requirements

2018-2019 Skills Link final reports are due no later than Friday, March 15, 2019, please note this date in your calendar. Reporting requirements will be listed in each recipient's funding arrangement. All funds must be expended and all activities completed by March 31, 2019.
