

# Special Education Program Acadience Reading Training for Grades K - 6

The Special Education Program (SEP) strives to support First Nations schools in meeting the needs of all of their students.

Principals, Teachers and SEP Teachers from BC First Nations schools are invited to come to the SEP Acadience Reading Training to learn more about the program and the assessments. Practical instruction on how to administer and utilize Acadience in your classrooms. The assessment is comprised of six brief measures that function as indicators of the essential skills that every child must master to become a proficient reader. These measures are used to regularly monitor the development of early literacy skills in order to provide instructional support and prevent the occurrence of later reading difficulties. It is also an excellent opportunity to meet with staff who support the program and to ask questions relating to your school's special education needs.
