

HERE ARE A FEW QUESTIONS TO HELP WITH COMPARING AND CONTRASTING – AN IMPORTANT SKILL FOR READING AND MUCH MUCH MORE.

- Talk about the setting, Clyde River, where the story takes place. What is similar to your community and what is different?
- How might Nukappia's winter life in Ottawa with his adoptive family be different than his summer life in the Arctic with his biological family?
- Think about the traditional foods that Nukappia gathers with his family. How might this story be different if his family lived in the Interior of BC, or in a coastal part of the province? Are there similarities and differences between the traditional foods in your community and Clyde River?

WONDEROUS WORDS

Practice new words from the book when you can throughout the day!

- Harvest** *In summer we harvest berries for jam and we harvest hay for our horses.*
- Terrain** *My father's ATV – All Terrain Vehicle – helps him travel all over our Territory.*
- Nutrients** *My mom wants me to eat vegetables because they have nutrients that will help me grow and keep me healthy.*
- Aroma** *My mom loves the aroma of roses, but I love the aroma in Tim Horton's.*
- Poisonous** *Some plants are poisonous. If you eat them you can become very sick.*
- Nunuvut** *Nunavut, which means "our land" in Inuktitut, the Inuit language, is Canada's largest territory.*
